About Top Italian Restaurants

Competitive, identitarian, increasingly proud in bringing its regional recipes to the table, and its simplest and most rustic profile, even in luxury settings. So the recipe for Neapolitan scarpariello finds its place in the major hotels in Hong Kong, the taste of Roman tripe marries Scandinavian wine cellars, Agerola fior di latte rests on increasingly good Neapolitan pizzas in New York. There are 5 million Italians living abroad, 100 thousand locals who refer to our traditions. In the Top Italian Restaurants guide we have selected 500: places managed by professionals, offering above all true Italian flavor. One made of products that speak of the production area, of who we are, and how we live. These are often stories of courage, chefs, pizza makers and sommeliers seeking something more. And success stories. Available for free:
